EXPERIENCE

Unified Mentor Pvt .Ltd   Gurugram*, India*
Front- End developer
 20/09/2024 -20/10/2024

- Developed user-friendly and responsive web pages using HTML, CSS, and JavaScript.
- Collaborated with designers and backend developers to improve website functionality.
- Fixed bugs and optimized website performance for faster loading.
- Ensured cross-browser compatibility and mobile responsiveness.
- Participated in team meetings and contributed ideas to enhance the user experience.

PROJECTS

Baggily – E-commerce Platform
 04/03/2025 - 09/04/2025

- Developed a responsive and scalable e-commerce web application with full shopping cart functionality and secure online payments. Integrated **Stripe** for seamless checkout and real-time payment processing.
- **Key Features:**
- Stripe integration for secure credit/debit card payments.
- User authentication with role-based access (admin vs. customer).

- Admin dashboard for managing inventory, orders, and users.
- Responsive UI built with React.
- Backend built using Node.js/Express/MongoDB.

Personal Portfolio website

05/05/2025 - 20/05/2025

Designed and developed a dynamic, mobile-responsive personal portfolio website using the **MERN stack** (MongoDB, Express, React, Node.js) to showcase projects, skills, and professional background. The site features smooth navigation, interactive animations, and a visually engaging UI to reflect a modern web development approach.

- **Key Features:**
- Project gallery with detailed descriptions, tags, and image previews.
- "About Me" section with embedded video and activity showcase.
- Contact form with backend email functionality and validation (node mailer).
